

RB50 Bad Spendau - Querleben (2008)

Scenario by: Wouter

September 2008 marks the final months of DB Regio operation on the RB50 Bad Spendau - Querleben. Starting with the new 2009 timetable, ODEG will take over with Stadler RS1's, replacing the beloved 218 + N-wagen diagrams. Today you will drive one of such diagrams for a spin from Bad Spendau - Querleben.
