2B73 Blackburn – Blackpool North.

A Scenario for On Track Simulations Northern Lines Electric V2.0 Route.

Thank you for downloading this scenario, the file provided can be installed in two ways. You can either install the RWP file via the Utilities program found within your Train Simulator Directory. Or simply by opening the RWP file up with 7zip and drag and drop into your Railworks folder.

> Traction: 142018 Route Covered: Bamber Bridge – Blackpool North Date: 22/12/2018 Duration: 40 Minutes

Description: You find yourself sat at PN485 just outside of Bamber Bridge Station. The signal is currently on red due to a failure with the Level Crossing. However engineers were in the local area and managed to make it over to the site rather quick to investigate the problem. We are currently just awaiting the all clear to proceed onwards towards Blackpool North.

Please note the scenario title contains the [OTS] Prefix
