

# ICE on the Ruhr

Today, you'll be driving the ICE 944 (Berlin Gesundbrunnen - Düsseldorf Hbf) on the part between Bochum Hbf and Duisburg Hbf.

This scenario has been created with a semi-fictive timetable – while most AI uses the real timetable, additional AI has been added to increase traffic levels. Some AI does not have suitable rolling stock and has been replaced by available stock.

Your Timetable:

Station	Arrival	Departure
Bochum Hbf	11:22	11:24
Essen Hbf	11:34	11:36
Duisburg Hbf	11:47	11:49

## Requirements

- Train Sim World 2
- Hauptstrecke Rhein-Ruhr

## Installation:

Extract the .zip file, and place the extracted .sav file into Documents\My Games\TrainSimWorld2\Saved\SaveGames
